**DETAILED ACTION**

***Response to Arguments***

1. Applicant's arguments, see pages 8-10, filed 11/30/04, with respect to the 102 and 103 rejections under Thomas, O'Connell, and Ravenscroft have been fully considered and are persuasive. The rejections of claims 1-25 have been withdrawn.
2. Applicant states on page 11 that an IDS was filed on 2/12/03. The application was not filed until 11/18/03 and an IDS filed 2/12/03 is not of record. Signed copies of the IDS documents filed 2/26/04 and 2/22/05 are included with this action.

***Allowable Subject Matter***

3. Claims 1-25 are allowed. The following is an examiner's statement of reasons for allowance: Prior art discloses many implantable filters that have the structure of legs extending from an apical head. Prior art also discloses many different types of centering elements for filters. Prior art fails to disclose or suggest a non-biodegradable filter body attached to a bioabsorbable centering element.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
